

UNP-HA-1U and UNP-HA-2U Hinged Panel Kits Instructions

General

The Uniprise® UNP-HA-1U and UNP-HA-2U hinged panel kits provide the hardware required to mount 19-inch telecommunication panels onto 19-inch racks so that the panels can be hinged open for rear access. The 1U kit is used on 1-unit high panels and the 2U kit is used on 2-unit high panels. Panels are ordered separately. **The kits are not designed to be used with the Uniprise FTP-PNL-24P panel.**

Ordering information is listed below:

Material ID	Part No.	Description
CC0065425/1	UNP-HA-1U	Hinged panel kit for mounting 1-unit high panel in 19-inch rack
CC0065433/1	UNP-HA-2U	Hinged panel kit for mounting 2-unit high panel in 19-inch rack

How to Contact Us

- To find out more about **CommScope®** products, visit us on the web at <http://www.commscope.com/>
- For technical assistance:
 - Within the United States, contact your local account representative or technical support at 1-800-344-0223. Outside the United States, contact your local account representative or Authorized Business Partner.
 - Within the United States, report any missing/damaged parts or any other issues to **CommScope** Customer Claims at 1-866-539-2795. Outside the United States, contact your local account representative or Authorized Business Partner.

Installation

- Attach hinge and block parts to the frame uprights as shown above, using the screws provided.

Note: Hinge and block may be mounted on either side to allow the panel to open to left or right.

- Mount panel to the hinge and block parts using the screws provided.

- Cable panels per instructions supplied with the panels or per local practices. Rear cabling practices may vary, but cables should be routed toward hinged side of frame and a service loop may be required.
