

SD-003-KIT1

Static Desiccator Kit with Parallel Mounting Accessories

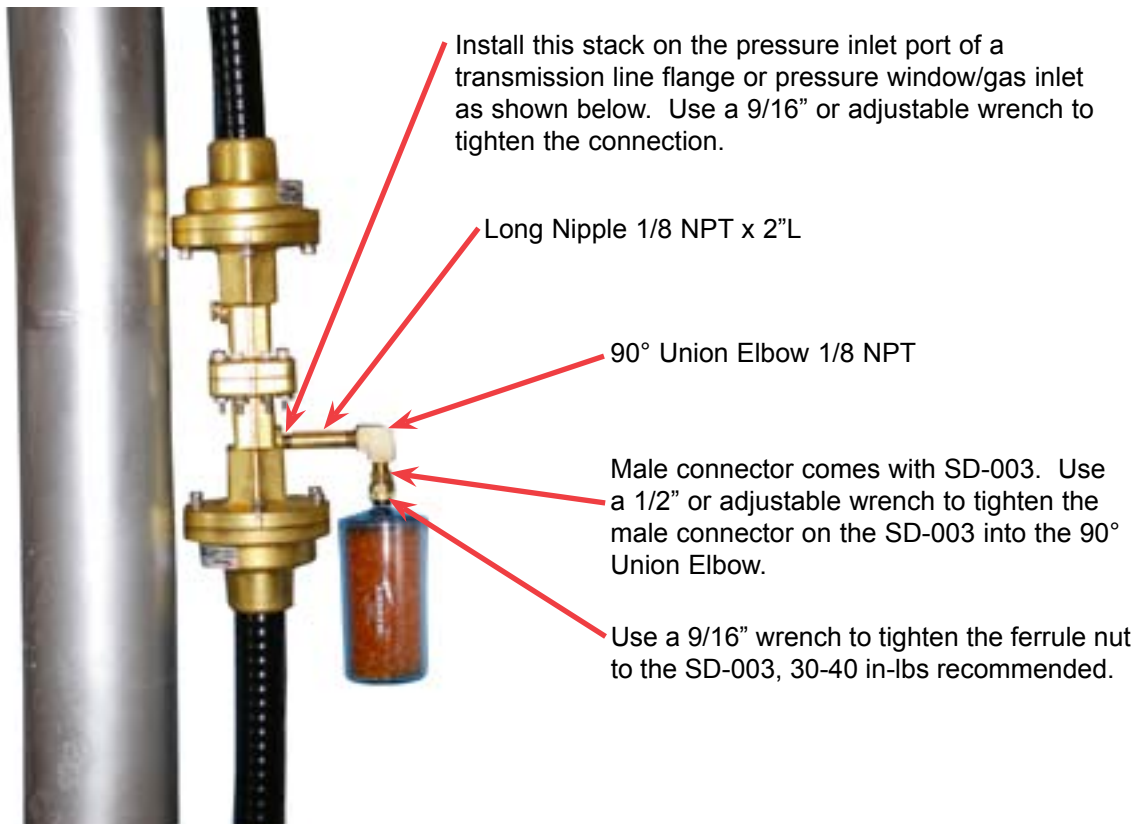

Description:

The SD-003-KIT1 is an Andrew SD-003 Static Desiccator package with an installation accessory kit that allows the unit to mount parallel to a transmission line flange.

General application instructions are covered in a separate sheet packed with Static Desiccator. The instructions that follow apply to use of the KIT1.

The SD-003-KIT1 consists of two brass fittings: a 1/8 NPT x 2" Nipple and a 90° Union Elbow 1/8 NPT.

Apply PTFE tape to the male threads (if not pre-applied) and assemble in a stack: Long Nipple - 90° Union Elbow as shown below. Use a 9/16" or adjustable wrench to tighten the stack.

CAUTION:

In outdoor application, make sure that the SD-003 (where the blue DOT is supplied) faces down or to the side and NOT upwards. See SD-003 bulletin for more details.

Static Desiccator Kit with Parallel Mounting Accessories

Items in the kit:

SD-003
Static Desiccator

90° Union Elbow 1/8 NPT

Long Nipple 1/8 NPT x 2"
